Chinese shoes Network June 12 hearing, breakdown products from the point of view, casual shoes and bags have a greater degree of decline this month, in addition to sports apparel and apparel online retail advertising to maintain substantial growth, and continue to have new clothes Online retailers join the ranks of high advertising, making the overall share of online retail apparel products are constantly rising to 66.8%.

2010 May, the apparel industry, Internet advertising TOP20 brand advertisers in the table below, Eslite (Vanci), Guangzhou dream Bazaar (Moonbasa) and Guangzhou & Poor's faction (PUPAI) the top three location names.

This month domestic sportswear brand advertisers running attention is more dispersed, sponsored the Expo volunteers clothing thirty-six once and Xtep World Expo-related activities with prizes concern advertising, Jordan, Anta focuses on the large-scale title promote integrated portal's sports channels.

On the other hand with the World Cup approaching, domestic sportswear advertisers for the World Cup was not the topic of advertising, marketing battle to become World Cup Adidas and Nike showdown: Adidas released new soccer shoes, plum TVC West's endorsement of the promotion is the focus of this month, with new light, as the topic demands of quick points combined Sohu Weibo user initiated discussions; Nike's focus is to promote "kick legend" World Cup national team jersey sponsorship, and highlight C Lo and other stars of the new TVC promotion. Since the 2010 World Cup broadcast rights to the video site release, in addition to conventional television advertising in previous years, June sportswear advertisers are expected to increase the delivery of online advertising, in addition to hard-wide brand outside video sites implant marketing program or UGA contest will also be the focus of advertisers favor.

[Chinese shoes Network] Speaking of sneakers, mostly young mind large have Nike, Adidas, Li Ning, the three choices. Now, this order has been broken. In the international network of retail research Taobao and other enterprises jointly issued the "Chinese cargo net list", March sneakers online shopping data show that Li Ning sports shoes online shopping ranking, it has already exceeded Adidas, Nike under, ranking second .

On the current consumer market, on the one hand, the proportion of online shopping is growing; on the other hand, online shopping has become increasingly popular consumer behavior of young people. Younger consumer groups, making the network game virtual goods, IT and women and other commodities as the main focus of online transactions. Such a huge market potential of the Web to make inter-brand competition has also undergone a subtle change. Especially under the pressure of the global economic environment, China's garment exports dropped, but the rapid growth of garment enterprises after the marketing test the water network goods. Taobao on 2007, only Sichuan consumers create a network transactions totaling 1.35 billion yuan of. To the 2008 financial crisis the most severe in the third quarter, the number of transactions increased to 3.25 million, turnover increased to over 20 million, of which women's share of more than 6000 million.

According to the well-known Internet marketing expert introduction of single-jen, compared to traditional methods, the domestic trade, foreign trade, retail businesses to invest in traditional channels, human resources, and inventory pressure is very great, if the use of electronic business platform, not only the cost of inputs is smaller, the pace is more light, but also can have the opportunity to expand business, "for domestic brands is undoubtedly a bigger and stronger opportunities."

; ; [Chinese shoes Network - Brand Dynamics] German sportswear maker Puma Puma warned that the company's annual sales revenue by currency fluctuations and the weakening influence, resulting in first-quarter earnings showing double-digit decline . German company Puma on May 14, said the first quarter net revenue from the 50 million euros last year fell 29.2 percent to 36.0 million euros (about US \$ 4,940 million).

sold by 7,816 one hundred million euros last year, fell 7.1 percent to 7,257 million euros. Under the base currency adjustments, sales edged down 0.5%.

By region, Asia Pacific sales showed the largest decline, down 11.6%, while the Americas and EMEA (Europe, Middle East, Africa three regions collectively) sales in euros were down 9.6% and 3.1%.

apparel goods is the only category showing sales growth - growth of 4.3%, while clothing sales fell 4 percent, footwear fell 14%.

In February, Puma will operate refocus turn casual wear products, with a new branding campaign --Forever Faster (always faster).

However, due to the negative effects and changes in the regional and product mix of currency, first quarter gross margin fell 60 basis points, down to 48.5 percent from 49.1 percent.

The company said currency fluctuations may reduce full-year net revenue and earnings before interest and tax (Earnings Before Interest and Tax, EBIT) of about 50 basis points.

Still, Puma CEO Bjorn Gulden said reposition Puma is gaining progress. Gulden added: "We know that repositioning the Puma's turnaround and business will take some time, but I believe that all of our key strategic priorities is progressing well, and we have started the correct solution, let 2014 be the recovery Start "(Chinese shoes Network - the most authoritative and most professional shoe News Media Partners: shoe ; clothing and shoes information.) ;
