[Chinese shoes Network - Brand News] According to Voice of China "CNR News" reported today (22 May) is World Water Day. Recently released Greenpeace report, Adidas, Nike, Li Ning, H & amp; on M and CK and other well-known clothing residual toxic and hazardous substances in the washing process will be a substantial release, thus water discharged into rivers, lakes and oceans will greatly harm people's health. Pollution chain famous brand

What consumers how to "be" has become well-known brand pollution chain "accomplice" in it? Lee Green party peace pollution prevention project director, said that remaining in the clothing toxic and harmful substance called nonylphenol ether, abbreviation NPE, which are used for clothing manufacture and are discharged into rivers garment producing countries in the environmental pollution caused by local country.

Lee side: In 2010, we went over the Yangtze River in the detection of wild fish, which is what we usually eat fish, found the same environmental hormones are among the fish. So, which clearly shows the toxic and hazardous substances in the chain. It is not only in the food we usually eat inside, in the rivers around us inside, in the clothes we wear inside, in the production process will be discharged to rivers producer.

In the latest report, researchers including Adidas, Nike, Li Ning, Puma, Younger, H & amp; washing effect 14 samples of M and other well-known brands, including CK were detected. Lee party presented their detection process.

Lee party: we released the new report is to simulate the process of washing clothes at home, washing clothes after the discovery of these hazardous substances discharged into the water with clothes in the river around us in. I do not know since when, AJ began by the end of the year when make a fuss, have brought heavy shoes. And in November and December of this year we will continue to usher in the two pairs of the long-awaited shoes air jordan IV "bred" and the air jordan XI "bred", although on the two pairs of news we have already reported, but often see their news still can not help but make people excited, today on the two pairs of shoes more launch details which was released to the public, and this morning, people have to signs pointing to the rise in the price of the shoes. When you see the offer price of all than before engraved price higher than about one percent of the time, there are some friends started to the problem of exaggeration. But I personally feel that this is not necessary! For the rapid rise in the prices of today, about 10% of the price adjustment is not only lower than the level of the same industry, we can accept the than from some shoe dealer hands take higher than the original price is several times the price of buying their favorite shoes to righteousness. In any way we should enjoy the end of the year, this AJ delicious, really don't let other things disturb the taste of it!
