< br / > ; cannot say nothing surprises, at least he in public expectations of a piece of red yeezy 350 people, choose first exposure to black yeezy 750 people, costume he attended New York Fashion Week Givenchy body black (shrink jacket is certainly focus). This one, of course, is yeezy Season 2 campaign, the problem is that no change in the high frequency stimulation of numbing, 2020 presidential candidate, to the point of innovative?? (Editor: YOYO)

Remember to wear sneakers on the very exclusive class boots shoes, now to a 180-degree turn, totally in love with the latter, this is absolutely inseparable and age. Like jeans, before washing, destruction majority, now completely dominated primaries, this is an

interesting phenomenon, very curious about how a few years later would be a state of mind to select clothes.

I believe that most of the friends choose boots first come to mind when the red wing boots this century-old brand, because enough classic plus high popularity in Asia, conquered the hearts and minds of many people. The recommendation to everyone is the RED WING's boots 9111 model, and when most people choose the first encounter of course, is the size of the problem, RED WING boots from the B, D, E, EE, EEE points in front of the figure is we are very familiar with the United States code, such as NIKE 8.5 is the shoe 42 yards, the latter is represented by the letter width shoes from narrow to wide open arrangement and, if you are very concerned about the size of the problem might with a lower amount of own bare foot tape measure the length and width making Sizes noteworthy is the RED WING boots are usually too large a yard.

9111 to help in the shoes, designed with round, many people prefer an important reason for this pair of shoes is its color, dark coffee bought back wearing time slowly emerging as uneven color flower texture, so it is slowly settling down absolutely surprising results, of course, this is a very people like boots commonality, with emphasis on what tone you more in love with the boots in. Further aspects of selected high-quality leather, cow leather, fur shoes to turn style, when you use the nose close to the smell, will experience a particularly enjoyable flavor. After many feet the whole person feel hale and hearty, in addition to good effect increased.

< br / > ; Fashion genius Jeremy Scott and Adidas originals cooperation still continue, recently released a new image B-Ball. wings of footwear. Believe that you see shoes, the outline has been to guess the source of this design, it is to the surface of the basketball into the main fabric of shoes, shoes, of course, can not be left around the pair of exaggerated wings for ornament, black lace, lined and out of the connection, this new work once again the impact of the imagination of the fans. It is reported that the shoe section has landed some online retail stores, interested friends may wish to find another way to start. (Editor: YOYO)

This season MVP Kobe Bryant in the Western Conference finals opener in the second half to help the Lakers successfully reversed angry Spurs described as bright. Most happy than Nike, in order to take advantage of Bryant's popularity surge, Nike Kobe Bryant recently shot a new shoe ad.

shooting ads place provided on a large playground, the scene has a simple basketball, basketball in front of a large pool, there are a lot of python, Bryant's task is to fly over the pond from the past dunk.

Despite Kobe Bryant on the basketball court of the emperor, but his courage in life is very small especially afraid of snakes, the staff tried to help him just a little touch of a still scared out jump. Bryant saw the snake has been directed more to the back hand, it is clear that if he can not finish this task is necessary and as partners of these snakes.

This ad is to show Bryant jumping ability, shooting advertising Nike also find some frequently appeared in supporting roles in Hollywood movies actor. A lot of people want to use the pedal overflow the pool did not succeed, they frequently fell into the water terrified, Bryant both pleased and this fear aside.

Finally, the turn of the Kobe Bryant let the staff to help pedal aids removed from the jump, bounce him to leap on its own pool, we know just the staff also added a large bag of snakes. Bryant shipped a few run-up a few steps in front of the ball pool leaping dunk success, the action at one go.

After deduction Bryant finished basket with field fans were celebrating, they are incredible dunk was incredible Kobe Bryant, the flight time and length of the very many people inconceivable, Bryant dunk fans pointed out this action plus the computer graphics, this distance than the year Jordan dunk from the free throw line dunk but also a lot away, so the credibility is not high.

; ; ; ". For this news, we can clear that Adidas did not plant evacuation China's plan, China will continue to be our most important producer of" Today in the morning, then Adidas because the Chinese labor force costs are too high will reduce the proportion of production in China news, Adidas Greater China headquarters to give a clear answer.

According to French media reports, the Adidas CEO Hainer recently had said that given China the wage level continues to improve, to reduce production costs, Adidas ready to shift production of some products from China. In this regard, Adidas reply that "we want to emphasize that, maybe later, based on the rapid development within the adidas Group worldwide, the percentage of Chinese manufacturing will decline, rather than the absolute value decline on Adidas in China is not there will be great changes will still maintain a very high level. At the same time, in order to further develop our brand on a global scale, we are ready to put into

production around the world to go, such as other countries Russia, Western Europe, Asia, such as Cambodia, the country's production capacity will increase. "

As for the concern of the outside world, as the Chinese yuan appreciation and rising domestic labor, raw material costs, Adidas is subject to a certain amount of influence? Adidas did not respond to positive, but said that Adidas never think China is a critical and strategic market, and not just a production base. China and Japan together will soon become the most important Asian market, which shows the importance of the Chinese market on the rise. Adidas has never been committed to maintaining the supply chain more efficient, smarter control of production costs, and a reasonable response to the vagaries of market sentiment, and ultimately to provide customers with value-added products.

Want to walk on 100 dollar bills? Invest in Del Toro's Alec Monopoly chukka boots - GQ.co Want to walk on 100 dollar bills? Invest in Del Toro's Alec Monopoly chukkas By Nick Carvell 20 May 15 While it might have started out as a small Miami slipper-maker started by two Uni friends, in a few short years Matthew Chevallard's Del Toro label has blown up into an all-encompassing lifestyle brand. Del Toro now makes all kinds of shoe shapes, as well as bracelets, clothing and shades - not to mention pulling off some stellar shoe collaborations with American sports teams, Victorinox and even Disney. The only problem? These have been generally quite hard to get your hands on here in Britain. But thankfully Harvey Nichols is bringing the latest collaborative model to our shores this week as a part of its Summer Splurge event. On Thursday, Del Toro's teamwork with New York graffiti artist Alec Monopoly arrives in the department store on London's Knightsbridge - a red suede chukka stamped with Monopoly's tag with a 100 dollar bill-printed, white rubber sole and leather laces. Hand-crafted in Italy, there are only 32 pairs available - so we suggest you make your way to the shop as close to 7pm when the event kicks off. Chevallard and Monopoly themselves will both be in store for the launch, so true superfans will be able to meet them too. True, a £365 price tag means these won't be a pair you'll be using for a summer kick-around in the park, but, if you're looking for a justification, just think of these as a wearable piece of Monopoly's art - which, considering his work sells for about \$50,000 a time over in America, is quite frankly a snip. £365. On sale in store from 7pm - 9pm on Thursday 21 May at Harvey Nichols, 109-125 Knightsbridge, London SW1X 7RJ. Nick Carvell Nick is Fashion Editor of GQ.co.
